

Enterprise- ASDAN Short Course

Curriculum Intent

The Enterprise Short Course accredits up to 60 hours of enterprise activity and is endorsed by the Institute of Enterprise and Entrepreneurs.

The flexibility of ASDAN's Short Courses means they can be carried out in a variety of settings, over a time period to suit the individual or co-ordinating centre. Challenge descriptions can be interpreted and adapted according to the situation. This Short Course can be completed using the student book or is available for learners to complete online through the ASDAN e-portfolio system. Learners log in to complete challenges, record skills development and upload evidence. Tutors can view learner progress and sign off work, leaving feedback as needed.
